POST OFFICE BOX 1366
GREENWOOD, SC 29648

(864) 941-8050

MAY 2000

INTRODUCTION

The **Upper Savannah Human Services Directory** was prepared by the Workforce Development Division of the Upper Savannah Council of Governments. A portion of the funding to compile and print the directory was provided by a grant from the U. S. Department of Labor. There is a nominal fee requested to cover the costs of printing and postage.

The purpose of the Human Services Directory is to provide a complete and up-to-date listing of community resources; to provide accurate information about human services to persons in need of/or seeking services; and to promote effective communications among the providers of services.

The Directory has entries of private and public community resources in Abbeville, Edgefield, Greenwood, Laurens, McCormick, Newberry and Saluda Counties. Resources serving 4 or more counties in the Upper Savannah Region are shown under a regional category. The listings are preceded by a categorical index which lists, in alphabetical order, types of problems or services. An alphabetical listing of agencies by Region or County is also included.

A concerted effort has been made to include as many agencies as possible in the directory. Some resources may have been inadvertently omitted. We would appreciate if these omissions, or any errors are called to our attention so they may be changed in future editions.

Suggestions or comments about the Directory should be made on the form on the last page and sent to:
